

Medical Enzyme Detergent

Medical Enzyme Detergent is a low foaming multi-enzyme detergent presoak cleaner for medical instruments and apparatuses. It is a blend of enzymes that are effective in the removal of all proteins, blood, fatty tissue, etc. from all medical instruments, equipment and supplies.

Medical Enzyme Detergent will clean surgical instruments, endoscopes, respiratory therapy equipment and glassware. It will also remove stains in surgical scrubs, linens and medical clothing.

Medical Enzyme Detergent is also available in a 32 ounce Gel or Foam Transport Spray.
